Dr. Robert Falconer,
President, Toronto University,
Toronto.

My dear Mr. President,-

Could you inform me
as to what position the University Hospital Staff
are in. Has Toronto taken any action in the
way of insuring the members of the Medical Corps
who are going to the front from here, especially
those who are members of that Corps and residents
of the City of Toronto?

I am glad to hear that the Corps is filling
up to the satisfaction of its officers.

Yours very truly,

April 1st, 1915

Dr. J. G. Orr,

Toronto.

Dear Dr. Orr:

The members of the Medical Corps apart from the officers who belong to the University are only now being sworn in, and I am sure that they will be a body of men that the city of Toronto and the Province will be proud of. As far as I know the City has taken no action in the way of insuring the members of this Hospital staff, but I agree with you that it is the least the City can do to grant these men the same privileges that would be granted to others who go on active service from Toronto. I think it would be a generous thing for the City to offer the same privileges to these men as to the others.

Yours sincerely,

President.

Dr. Falconer,

My dear Mr. President,-

I enclose herewith
copy of a letter which was received during
my absence in New York, re the Soldiers' Insur-
ance.

Ask the person in charge to keep track
of this matter with the City Council, and if the
work is not done, I will be very glad to take the
matter in hand with him, and see that the promise
of the City is faithfully carried out.

Yours very truly,

Dr. J.O.Orr,
Manager, Canadian National Exhibition,
Toronto.

My dear Doctor,-

I have your kind letter of the 6th instant, re insurance on University students going to the war. I have written President Falconer to send me a complete list of those who have enlisted and are going to the front. The City intends to look after those who are bona fide residents of Toronto, and students who are in actual attendance for the greater part of the year, in my opinion, are entitled to City insurance. I intend presenting the matter to the Board of Control.

Yours very truly,

(Signed) T.L.Church.

Mayor.

Dr. J. O. Orr,

Toronto.

Dear Dr. Orr:

The Registrar is sending to the Mayor a complete list of those who are enlisted and going to the front, so that I hope everything will be in order for the insurance of the soldiers.

I am,

Yours sincerely,

President.
